

## Department of Developmental Pharmaceutical Education Support Section for Pharmaceutical Education

### Outline

We are conducting individual guidance centered on basic courses (organic chemistry, physical chemistry, biochemistry, analytical chemistry, pharmacology) in the Support section for Pharmaceutical Education. In addition, we are going to hold special lectures several times a year for applicants.

### Faculty members

Professor: Koji Nakagawa, Ph.D.

Professor: Shinichi Kimura, Ph.D.

Assistant Professor: Yuki Yamaguchi, Ph.D.

### 【Education Field】

Organic chemistry

Physical chemistry,

Drug Metabolism

Clinical Chemistry

Molecular and Cellular Biology

Seminar in Special Programs (Biochemistry, Pharmacology)

### 【Research Field】

Pharmacology

Biochemistry

Organic chemistry
