

《担当者名》○Shaun Hoggard (看) Benjamin Cheng (非)

【概要】

This course is designed for students who will enter healthcare related professions upon graduation. The student will be taught the English names of all major parts of the body and some of the illnesses. Also, a wide variety of situations that can take place in and around a hospital will be presented.

【学修目標】

To improve the ability to communicate in English with the kinds of conversations that the student may have when speaking with individuals from other countries, either here in Japan or when traveling abroad. Activities and exercises are all designed to give the student practice with vocabulary, grammar and common expressions needed to have basic conversations in English.
